February guest speaker is Noel Phelan – the sinking of the Costa Concordia in the Mediterranean 13 January 2012. The eight-year-old vessel was on the last leg of a cruise when she deviated from her planned route and struck a rock formation on the sea floor. This caused the ship to list and subsequently capsize. Although a six-hour rescue effort brought most of the passengers ashore, 34 people died – 27 passengers, 5 crew, and later, 2 members of the salvage team.

Noel was previously a Team Leader at the National Maritime Museum, now volunteer guide.
