

APPLE. How to upload your photos from an iPhone

How to email up to five photos.

1. Open your "Photos" application on your iPhone
2. Tap the photo's you want to send- a tick will appear against each.
3. Click the Share button (an upward arrow coming out of a rectangle).

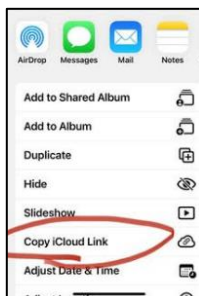

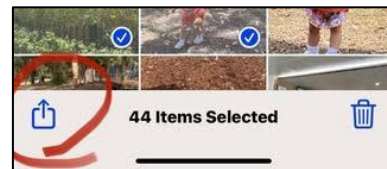

4. Click the Mail icon to open your email.
5. Insert the address picspcbp@gmail.com

6. Hit the "Send" button.

How to send a larger number of photos.

1. Open your "Photos" application on your iPhone and select the Album that contains the photos you want to send.
2. Tap the "Share" button at the bottom left of the screen
3. Tap on each photo you want to send. A blue circle with a check-mark will show the ones you select.

4. Scroll down through the offerings and tap the "Copy iCloud Link" button at the bottom of the screen.

5. Go to your mail and create a new message. Select the recipient, enter in the email address (picspcbp@gmail.com)
6. Tap and hold inside the body area of your new message for a few seconds. The "Paste" option (along with "Select" and "Select All") will show up when you release.
7. Tap "Paste" and your link should show up in the body of the message.
8. Hit the "Send" button.
